**DAMAGE TO COMPANY OR CUSTOMER VEHICLES**

An employee, who incurs an accident with a company or customer vehicle, will pay the deductible portion of any damage (up to a maximum of \$1,000.00 per accident). The employee will pay for all parking and traffic violations incurred while the vehicle is entrusted to them. All accidents, regardless of how minor, must be immediately reported to the employee's supervisor to assure insurance coverage and to enable the Company to accurately disclose the damage to customers if appropriate.
